ABOUT

It is a privilege to invite you to sponsor the inaugural Michigan Immigrant Youth Conference. A group of Ethnic Based Community Organizations, immigrant leaders, allies, and supporters of immigrants have come together to host this conference.

This year's conference theme is Resilience, highlighting the natural process of migration and the inherent strength it builds in immigrant youth.

The conference will honor immigrant youth's contributions to Michigan and the United States while recognizing and respecting their unique experiences beyond Michigan.

The conference will provide a safe space to celebrate immigrant youth, support immigrant youth talents and skills, confront key challenges and issues impacting immigrant youth while sharing specific tools and ways to overcome these challenges.

It will provide a safe space to educate, inspire and connect immigrant youth with resources and opportunities to learn about ways to thrive , while casting a vision for young people to learn how they can be active participants in making positive change in their lives and communities.
